We recommend that you store mobile deposited checks for a minimum of 60 days before disposing of them safely.

Tips on Photographing for Mobile Deposit

- Before logging in to the Mobile Deposit app, close all other apps running in the background on your mobile phone.
- Sign/Endorse the back of your check, and label it "For Mobile Deposit Only At MSDFCU."
- When prompted for the amount, carefully enter the check amount to ensure it matches the amount written on your check.
- Flatten folded or crumpled checks before taking your photos.
- Keep the check within the view finder on the camera screen when capturing your photos. Try not to get too much of the area surrounding the check.
- Take the photos of your check in a well-lit area.
- Place the check on a solid dark background before taking the photo.
- Keep your phone flat and steady above the check when taking your photos.
- Hold the camera as square to the check as possible to reduce corner to corner skew.
- Make sure that the entire check image is visible and in focus before submitting your deposit.
- No shadows across the check.
- All four corners are visible.
- Check is not blurry.
- The MICR line (numbers on the bottom of your check) is readable.
